Technical Specification *(Standard)*:

roche accutrend plus
machine excluding strips

Roche Accutrend Plus Meter is a flexible, hand-held point of care device for the main risk factors of cardiovascular diseases (CVD). This device provides convenient and rapid detection of cholesterol and glucose. It is tailored to be used outside the lab in the physician's office and in the hospital as well as for self-measurement at home or during sports. Results are provided directly from capillary blood.
Roche Accutrend Plus Meter has bigger, easy-to-read display and a sleek ergonomic design for easy handling
Easy to use and provides a convenient measurement of cholesterol and blood glucose from capillary blood using Roches test strip technology
Test strips can be stored at room temperature
Rapid results:
- Cholesterol in 180 seconds
